

CLOSE YOUR MONTH RIGHT

This sheet helps you reflect on and steer your month's progress.

- 1** Write down what this month taught you.
- 2** Note what it built and what it cost.
- 3** Read your initial intention out loud.
- 4** List what actually filled your last week.
- 5** Redirect one thing if needed.

What I noticed this week:

A counted month with a corrected course isn't administration; it's steering.
